GET INTO HOT WATER WITH CEC!

Our Electric Water Heater Rebate Program

Central Electric Cooperative has an electric water heater rebate program that pays you \$25 in cash if you buy a new, *approved* energy-efficient electric water heater.

Please read the requirements for this program inside!

CENTRAL ELECTRIC
COOPERATIVE, INC.

Call (541) 548-2144

5 EASY STEPS TO YOUR \$25 REBATE.

1 Tell your dealer you want an electric water heater that qualifies for CEC's \$25 rebate.

2 Your dealer will select an electric water heater that has a capacity of 120 gallons or less.

3 The electric water heater must meet, or exceed, these specifications.

<u>Tank Size</u>	<u>Minimum Energy Factor</u>
50-59 Gallons	0.93
60-120 Gallons	0.91

Note: It's not likely that all electric water heaters in your dealer's inventory meet these specifications.

4 The electric water heater is installed within CEC's service territory.

5 Fill out the coupon on the last panel of this brochure and mail *with the receipt* to CEC.

Remember, to get the \$25 cash rebate, you must purchase an electric water heater that meets minimum energy factor requirements.

To check on a water heater's eligibility, ask your dealer or call Central Electric Cooperative *before* you make your purchase.

Funding for this program is made available by the Bonneville Power Administration (BPA). BPA programs are subject to change without notice.
